### **About Webinar**

With the growing focus on the English language in this globalised era, efforts have been made to bring new methods of methodology with a view to make the English language learning easy, simple and relevant to modern learners. Jawaharlal Nehru Krishi Vishwa Vidyalaya, Jabalpur believes in the holistic and sustainable development of students, scientists, professors and farming community. Students have the immense talent to be explored but due to the lack of proper communication we are unable to tap the numerous opportunities, this is where the role of communication in English comes in. To enhance the English language skills among the non English speakers is a challenge and it needs to be tackled systematically. There are numerous strategies that can be undertaken to enhance the language skills among such learners to help them develop a certain level of competency in English language. The office of Dean Student Welfare, Jawaharlal Nehru Krishi Vishwa Vidyalaya, Jabalpur (MP) is providing a viable online platform for introducing and generating brainstorming sessions of learning techniques of English language through an on line webinar to lessen the feeling of stress, nervousness or anxiety while speaking the English Language and removing a mental block against learning English.

Jawaharlal Nehru Krishi Vishwa Vidyalaya, Jabalpur (MP)
